

**REMARKS**

The Application presently comprises claims 1-49. The Examiner has issued an election requirement.

**Election**

In response to the Examiner's requirement, Applicants hereby elect without traverse Group II, Figs. 9 and 10. Applicant submits that Claims 1-8, 23-44, and 47-49 pertain to this Group to which the claims shall be restricted if no generic claim is finally held to be allowable. The remaining claims, Claims 9-22 and 45-46 are thus withdrawn from consideration pending an indication of allowance of any generic claim which might be generic with respect to the withdrawn claims. Applicant submits that various claims may be generic. Applicant requests that the withdrawn claims and subject matter be considered should any generic claim be found allowable.

**Conclusion**

In view of the above election, Applicant requests examination on the merits of the present application. If the Examiner requires further information with respect to this application, the Examiner is invited to contact Applicant's attorney at (847) 537-3537 for a telephonic interview.
